1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In regard to claims 1 and 8, the prior art of record does not disclose each of the plurality of pins can slide independently of each of the other pins of the plurality of pins; each of the plurality of pins has an orientation that is substantially fixed and substantially parallel with respect to each of the other pins of the plurality of pins; and an uneven ground surface can cause one of the plurality of pins to be pushed upwards a greater distance than another of the plurality of pins.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
